I love this chart, map, book whatever you call it. I walk around the house with it trying to find a wall with enough space I can mount it on; like a dog trying to find a place to hide a bone. I am an old man and only wish I would have known about this chart years ago. I might not be any smarter but at least I would have a lot more knowledge. I was going to give this as a gift to a family that home schools a paset of kids but after I took off all the cellophane wrapping and opened the huge chart the grinch suddenly took over, my holiday spirit went away and I kept it for myself. I took it to bed with me hoping that if I held it close the history would somehow transfer itself to my deteriorating brain but it was very uncomfortable so I gave up on that idea. Now, if someone would like to buy me another one, I can assure you it will get to the poor family homeschooling their kids.
