Description:

For the over-scheduled generation, the illustrator of the popular BabyLit books explores the joy found in wildness, following in the footsteps of beloved bestsellers *The Night Gardener* and *Mr. Tiger Goes Wild*. Like many children, Moon leads a busy life. School, homework, music lessons, sports, and the next day it begins again. She wonders if things could be different. Then, one night, she meets a wolf. The wolf takes Moon deep into the dark, fantastical forest and there she learns to howl, how to hide, how to be still, and how to be wild. And in that, she learns what it's like to be free. This simply worded and stunningly illustrated story reveals the joy to be found in play, nature, and, most of all, embracing the wild in us all.

The story and illustration is amazing! I love this book and I bought it for myself and Im going to buy it for my grand kids as well.
