Description:

Now available in one deluxe box set—Blood Brothers, The Hollow, and The Pagan Stone—all three novels in #1 New York Times bestselling author Nora Roberts' Sign of Seven Trilogy. In the town of Hawkins Hollow, it's called The Seven. Every seven years, on the seventh day of the seventh month, madness descends on this small town. But three men bound by blood and three women brought to them by fate have pledged their souls—and their hearts—to stop it. This Sign of Seven Trilogy box set includes: BLOOD BROTHERS THE HOLLOW THE PAGAN STONE

This is such a great book, that I look forward to going back and reading these stories again like some that I already have, and I am impatient to read the rest of Nora Roberts stories right now. Hot, Hot, Hot, love scenes, a well written, creative and intriguing story about trio of guys that have been life long friends, the three women who end up being their perfect match, plus inventive, vivid characters, a fight of good versus evil, all on top of seriously wonderful love, adventure, and romance. Each story is about one of the buddies and his corresponding match within three new girls to town (two long-time friends and one newcomer), and the close group of friendships and intense bond that develops within the group of six. Each story is a part of the puzzle as they gather information, battle the Demon and build their relationships. How each book in the set is not only about the couples journey towards love and commitment, but also the specific role they have to play when Summer, and a demon come, and they will all be fighting against the horror it unleashes on their small town. It happens every 7 years on the boys birthdays since turning ten, and they will turn 31 on this third set of 7 years, for the three boys born on July 7th. On the boys tenth birthday, theyre unknowingly descendants of the final remaining Guardian originally charged with defeating the last earthly, corporeal demon, they inadvertently, but luckily only partially, free him from The Pagan Stone where he has been trapped by the original Guardian since the 1600s. The three boys were born on 7/7 at exactly the same time, same town, where their mothers were friends and families descendants of the Guardian. As was foreseen, on their tenth birthday, the three best friends would unleash the Demon that they were also fated to destroy. The boys wanted to sneak into the woods and camp at The Pagan Stone. At midnight, the boys decide to perform a ceremony to make themselves true brothers, and do so by sharing there blood and making an oath. The exact moment their blood combines over the stone, all hell seems to break loose as the Demon (aka Twisse) is released. The boys find themselves flung harshly to the ground in an explosion of fire and brilliant light. Each hold in his small hand, a third piece of a stone and a portion of the Guardians powers, that include the miraculous ability to heal from seemingly almost any injury. Every 7 years forward, from that birthday in July, the Demon is able to influence animals, and eventually susceptible people, leading up to their birthday few weeks, and cause death, violence, and destruction, that all culminate into hell on earth for their little town, for an entire 7 days. Even at only ten years old, the boys spent the entire week trying their best to protect the people of their town. and figure out how to stop, what they incorrectly feel guilty and so let responsible for being loose. During the quest, I thoroughly enjoyed these peoples powerful, emotional, and often times painful journey towards falling in love. Roberts is one of my most favorite authors, and she doesnt disappoint in this series. Her unique style and classy, yet moving love scenes, paint a beautiful picture that leaves a person longing for loyalty and love like that for themselves. All of that is combined into this fantastic series and make this book a must-have!!!! I didnt want to set it down....seriously!! Lol I was nodding off over my book on several different occasions. Worth the price and more to have ANY Nora Roberts book in your library collection!!!!!!
