Great little booklet to have in my quilting library! Initially I thought to whip up a quick flannel rag quilt to place on my chest in the foyer for the holidays...but after seeing more possibilities in this booklet I am convinced that I will sew more for gift giving and my grandchildren will love them in the guest bedrooms for their overnight visits! I plan to do some experimenting with the minky fabric that I have on hand here. Not sure how it would work as a backing with flannel in the middle and cotton on the top but we will see. I plan to use a half inch seam allowance vs 3/4 in as I prefer a less shaggy look. Glad I purchased this simple book BC it also includes nice layouts for my all time favorite...the half square triangle. I love quilts done by a long arm machine for some things but between this book and the quilt as you go method I know that I will be sewing many more quilts as gifts now. Perfect. My husband has 8 brothers and sisters( huge Italian family!) and there are certain to be many many baby showers coming along in the near future!
