Description:

One minute your child is fine. The next minute, a broken bone. Hours later, in a clunky cast. For weeks or months, sidelined from favorite activities. If your child is like Sammy, (s)he gets glum and grumpy as days slog by. Help is pages away in Sammys Broken Leg (Oh, No!) and the Amazing Cast That Fixed It, a whimsical book to entertain a child in a cast for healing a broken bone, or in a spica cast for hip correction (hip

dysplasia). Children in a cast will delight in a troupe of Kisses who cheer for Sammy and coach her to be patient. The Kisses are Sammys secret: only she can hear them. How and when they whooshed into her life will amaze and amuse. It all goes to prove: One Kiss for a Boo-Boo. A Bazillion Kisses for a Cast! Lavished with colorful, quirky illustrations, Sammys Broken Leg (Oh, No!) and the Amazing Cast That Fixed It is entertaining, educational and encouraging. The book: Gives children and families realistic expectations about weeks or months of healing time. Eases childrens fears, calms parents anxieties. Hands parents a tool to boost their childs (and their own) patience.

This is an empathetic story that will encourage children who have broken a bone or had a sibling break a bone. It includes details—such as wearing earplugs when they cut off the cast—that will help prepare kids for the tough part of wearing a cast. With fun pictures by Lise C. Brown, the book targets children six and under, but I could imagine it becoming a memento to pre-schoolers who have endured a cast. As a mother of nine children, many of whom have had a broken bone, I see the value of a book like this that helps children understand why and how they have a cast. It also includes whimsical kisses from those who care for the child with a cast--a perfect gift from loving friends and relatives!
