Description:

The Avengers have come a long way since they first assembled to fight off an alien invasion. The past five years have brought more and more challenges, and Earth's Mightiest Heroes have always risen to face them. But have they finally met their match in the intergalactic despot Thanos, who seeks to inflict his twisted will on all of reality? Just in time for the highly anticipated event, this keepsake volume celebrates the characters and concepts that will converge in April 2018, collecting art, interviews, and photography from films leading up to Marvels Avengers: Infinity War.

Great book for fans of the MCU that want early artwork for these characters. This DOES NOT include anything from Infinity War. This book is also mostly art. For every character there's maybe one full page worth of text. One of the pictures for my reviews shows some of the paragraphs for Iron Man, that's probably about a third of the text that's dedicated to him. Ant-Man is missing from this. Quite literally if you're looking for anything related to the events/costumes/character development in Infinity War this is not the book you're looking for. Wait til the one in November is released. From the title of this one it should be obvious that it doesn't cover IW events but I'm sure there are those that think it'll touch on it, but it doesn't. This basically just shows how it went from comic books to final concept art for costumes.
